**Safe, secure  
wrapping.  
Streamlined  
operations.**

The entire pallet wrapping operation can be safely performed by a single operator in less than one minute. No banding, no strapping, no boxes, crates or corrugated containers are needed anymore.

Made in USA,  
delivered from  
Pennsylvania

# Forklift-Friendly Pallet Wrapping in Seconds

Breakthrough TAB Wrapper Tornado technology wraps even long, bulky, and oddly shaped products directly to the pallet. Its 360° wrapping zone ensures a tight, secure, and unitized wrap every time, holding your product safely in place during transport and storage. Best of all? The entire process can be completed by one worker from the seat of the forklift.

## Benefits:

- Save big on labor and material costs
- Eliminate rejected orders and freight damage claims
- Improve team safety
- Streamline operations
- Implement quickly with intuitive controls

**See how  
much you  
can save  
with our ROI  
calculator!**

## How it Works:

1. Center the pallet within the wrapping ring

2. Attach the end of the stretch wrap roll to the pallet

3. Grab the corded remote to begin the wrapping process

4. Slowly reverse as the pallet is being wrapped

5. Press stop when the pallet is wrapped to your liking

## TAB Wrapper Tornado Standard

- 3 standard models – 80", 100", and 115"
- Made in the USA and Ships Fully Assembled
- Ideal for wrapping many product shapes and sizes
- Highly customizable with automation add-ons

### Smart Controls System

- More automation than our standard wrappers
- Boosts speed, efficiency, and safety
- Can be installed on any size wrapper
- Can be integrated with powered conveyors

### Genius Controls System

- Highest automation offered in a stand-alone wrapper
- Complete hands-free operation
- PLC interface with wrapper diagnostics
- Can be installed on any size wrapper

## Dual Dispensing System

- Dispenses 2 stretch wrap rolls instead of 1
- Automated cut and wrap devices on each side
- Cuts wrapping time down to as little as 7 seconds
- Available with 80" - 100" - 115" models

## TAB Wrapper Tornado Perfect Storm

- Conveyorized system ideal for high-volume operations
- Automatically senses pallet
- Fully customizable based on your product, target throughput, and other factors
- Colorful touch-screen with an easy-to-use menu and programmable wrapping receipes

## Stretch Wraps

- Thinner wraps with same strength as heavier gauges
- Quiet unwind
- One-sided cling
- Puncture and tear resistant
- Multiple color options available
