

TAB STACKER

Transform Your Storage Today

The TAB Stacker is a powerful solution for efficient sheet metal storage, designed to maximize space and streamline your facility's workflow. With the capacity to hold up to 90,000 pounds of sheet metal across 18 pallets, each supporting up to 5,000 pounds, the TAB Stacker is engineered for heavy-duty performance.

TAB Stacker Benefits

- Vertical stacking capability
- Oversized fork-tubes ensure easy and secure forklift entry
- Streamlines operations and reduces clutter
- Powder-coated finish withstands the rigors of industrial use
- Optimizes available space without compromising accessibility or safety

Technical Specifications

- Capacity: 90,000 pounds total
- 18 storage pallets
- Per Pallet Capacity: 5,000 pounds
- Sheet Size: 60" x 120" (5' x 10')
- Construction: Heavy-duty steel

In metal fabrication shops, manufacturing plants, and warehouses where storage efficiency can make or break productivity, the TAB Stacker gives you the organized, high-capacity solution that keeps you ahead of the competition.
